## NOTES ON ELEMENTS

This document contains all the validation rules, which must be passed to enable a successful upload onto ROS. These include for each attribute or element:

- Correct data formats
- Maximum and minimum values where applicable
- Dependent attributes or elements – other elements that must not be null or other attributes for which values must be returned in certain circumstances.

This document should be used as an aid to form 1 firms v22 **schema-2021.xsd**. It details the data types and defaults for the fields on the form.

### Please Note:

There are a number of nodes in the **<Form1Firms>** node that are for internal processing only and are not input on the form. They are:

The file consists of one Form1Firm Element and 1 to many Error Elements

### Form1Firms

The Form1Firm element has the following attributes:

| Name        | Type              | Required Y/N | Description/Validation  |
|-------------|-------------------|--------------|---|
| periodstart | Date              | Y            | The start date of the Income Tax period for which the return is being filed (DD/MM/YYYY).<br><i>Must be equal to 01/01/2021</i>   |
| periodend   | Date              | Y            | The end date of the Income Tax period for which the return is being filed (DD/MM/YYYY).<br><i>Must be must be equal to 31/12/2021</i>   |
| currency    | String – always E | Y            | The currency through which the return is being filed:<br>- E for Euro   |
| formversion | Numeric           | Y            | Must be equal to “22” for this version of the file format.<br>Will change with each new edition of the form.  |
| language    | String<br>E or G  | Y            | Language through which the return is being filed:<br>- E for English, or<br>- G for Irish   |
| product     | String            | N            | The name of the software/software company used to submit the form 1 firms should be entered here, e.g. “DUMMY LTD”. Note ‘ROS launcher/ROS on line’ is not an appropriate entry here. |

It consists of:

- One Partnership element
- Up to two optional Trade elements
- Any of the following optional elements:
  - Exempt
  - Rental
  - OtherIrish
  - ForeignIncome
  - OtherIncome
  - ChargesDeductions
  - Unallocated
  - ChargeableAssets
  - CapitalGains
  - OtherNote
  - Errors

### Partnership

The Partnership element has no attributes. It consists of the following required elements:

- Details
- PartnershipParticulars

## Details

The Details element has the following attributes.

| Name                       | Type   | Required Y/N | Description/Validation   |
|----------------------------|--------|--------------|--|
| agentstain                 | String | N            | The TAIN number of the agent for the main taxpayer<br><i>May not be longer than 6 characters. Format is 5 numeric (including leading zeros) followed by one check character</i>  |
| clientref                  | String | N            | Client Reference Number. (Up to 30 Characters)   |
| taxrefnum                  | String | Y            | Tax Reference Number<br><i>This is required</i><br><i>May not be longer than 8 characters. Format is 7 numeric (including leading zeros) followed by one check character</i>   |
| partnershipname            | String | N            | Partnership Name. (Up to 40 Characters)  |
| expressionofdoubtindicator | String | N            | Indicator to indicate if there is an expression of doubt associated with this return.<br><i>This must be true if there is a value returned at any of the fields expressionofdoubt, expressdoubttaxlaw, expressdoubtamount, expressdoubtdocs and expressdoubtguidelines</i> |
| expressionofdoubt          | String | N            | Expression of doubt about this return. (Up to 1000 Characters)<br><i>This is a required field if expressionofdoubtindicator is true</i>  |
| expressdoubttaxlaw         | String | N            | Expression of doubt about this return. (Up to 1000 Characters)<br><i>This is a required field if expressionofdoubtindicator is true</i>  |
| expressdoubtamount         | String | N            | Partners Share of Case. (Up to 8 numeric ;0 – 99999999.99)<br><i>This is a required field if expressionofdoubtindicator is true</i>  |
| expressdoubtdocs           | String | N            | Expression of doubt about this return. (Up to 1000 characters)<br><i>This is a required field if expressionofdoubtindicator is true</i>  |
| expressdoubtguidelines     | String | N            | Expression of doubt about this return. (Up to 1000 characters)<br><i>This is a required field if expressionofdoubtindicator is true</i>  |

## PartnershipParticulars

The PartnershipParticulars element has no attributes. It consists of the following elements:

- Up to 100 IrishResidentPartners
- Up to 20 NonResidentPartners

### IrishResidentPartner

The IrishResidentPartners element has the following attributes:

| Name               | Type                  | Required Y/N | Description/Validation   |
|--------------------|-----------------------|--------------|--|
| ppsn               | String                | N            | The PPSN (RSI) number of Partner.<br><i>May not be longer than 9 characters. Format is 7 numeric (including leading zeros) followed by one or two check characters.</i><br><i>This is required where information is return in this element.</i><br><i>This is a required element where there is no Information returned at NonResidentPartner.</i> |
| shareofcase        | Numeric               | N            | Partners Share of Case. (Up to 8 numeric ;0 – 99999999)<br><i>This is required where there is a ppsn and no shareofincome</i>  |
| shareofotherincome | Numeric               | N            | Share of Other Income. (Up to 8 numeric; 0 – 99999999)<br><i>This is required where there is a ppsn and no shareofcase</i>   |
| salaryreceived     | boolean true or false | N            | Indicator to indicate if salary received for this partner  |

| Name                      | Type                  | Required Y/N | Description/Validation   |
|---------------------------|-----------------------|--------------|--|
| interestoncapitalreceived | boolean true or false | N            | Indicator to indicate if Interest received on Capital for this partner   |
| basisofdistperiodstart    | Numeric               | N            | Basis of distribution for start of period. (up to 8 numeric; 0 – 99999999)   |
| partnercommenced          | boolean true or false | N            | Indicator to indicate if this partner commenced in this return year  |
| partnerceased             | boolean true or false | N            | Indicator to indicate if this partner ceased in this return year   |
| changeindistribution      | boolean true or false | N            | Indicator to indicate if there was a change in distribution.   |
| dateofchangedistribution  | Date                  | N            | Date of Change in distribution. (dd/MMyyyy)<br><i>Must be before the day of Upload and cannot precede 01/01/1900</i> |
| basisofdistperiodend      | Numeric               | N            | Basis of distribution for end of period. (up to 8 numeric; 0 – 99999999)   |

### NonResidentPartner

The NonResidentPartner has the following attributes

| Name                      | Type                  | Required Y/N | Description/Validation  |
|---------------------------|-----------------------|--------------|---|
| ppsn                      | String                | N            | The PPSN (RSI) number of Partner.<br><i>May not be longer than 9 characters. Format is 7 numeric (including leading zeros) followed by one or two check characters.</i><br><i>This is required where information is return in this element and if there is no Information returned at IrishResidentPartner.</i> |
| name                      | String                | N            | Name and Address of the partner if no ppsn exists. (up to 500 characters)<br><i>This must be present if no ppsn is given.</i>   |
| shareofcase               | Numeric               | N            | Partners Share of Case. (up to 8 numeric ;0 – 99999999)<br><i>This is required where there is a ppsn and no shareofincome</i>   |
| shareofotherincome        | Numeric               | N            | Share of Other Income. (up to 8 numeric; 0 – 99999999)<br><i>This is required where there is a ppsn and no shareofcase</i>  |
| salaryreceived            | boolean true or false | N            | Indicator to indicate if salary received for this partner   |
| interestoncapitalreceived | boolean true or false | N            | Indicator to indicate if Interest received on Capital for this partner  |
| basisofdistperiodstart    | Numeric               | N            | Basis of distribution for start of period. (up to 8 numeric; 0 – 99999999)  |
| partnercommenced          | boolean true or false | N            | Indicator to indicate if this partner commenced in this return year   |
| partnerceased             | boolean true or false | N            | Indicator to indicate if this partner ceased in this return year  |
| changeindistribution      | boolean true or false | N            | Indicator to indicate if there was a change in distribution.  |
| dateofchangedistribution  | Date                  | N            | Date of Change in distribution. (dd/MMyyyy)<br><i>Must be before the day of Upload and cannot precede 01/01/1900</i>  |
| basisofdistperiodend      | Numeric               | N            | Basis of distribution for end of period. (up to 8 numeric; 0 – 99999999)  |

### Trade

The Trade element has no attributes. It consists of the following optional elements:

- TradeItem

## TradeItem

The TradeItem element has no attributes. It consists of the following elements:

- TradeProfits
- TradeAccounts
- TradeCapitalAllowences

## TradeProfits

The TradeProfits element has the following attributes:

| Name                 | Type    | Required Y/N | Description/Validation   |
|----------------------|---------|--------------|--|
| tradedesc            | String  | N            | Description of trade. (Up to and including 40 characters)<br><i>Where there is a value returned anywhere under the Trade element then this is a required field.</i>  |
| tradeno              | Numeric | Y            | This attribute represents the trade number.<br><i>This attribute can only store either 1 or 2; pertaining to the first and second trade. Details of the primary trade must be returned with a tradeno of 1</i>   |
| accountingperiodfrom | Date    | N            | Redundant – Not Used   |
| accountingperiodto   | Date    | N            | Redundant – Not Used   |
| dateofcesation       | Date    | N            | Cessation date for source of income. (dd/MM/yyyy)<br><i>Must be within the tax year that the return is being filed</i>   |
| balancingcharges     | Numeric | N            | Balancing Charges. (Up to 8 numeric; 0 – 99999999)   |
| adjustednetprofit    | Numeric | N            | Adjusted net profit for accounting period. (Up to 8 numeric; 0 – 99999999)<br><i>Where there is a value returned at adjustednetloss no value can be returned here.</i><br><i>If there is a value returned at any of the following then this is required;</i> <ul style="list-style-type: none"> <li>- <i>accountfrom</i></li> <li>- <i>accountto</i></li> <li>- <i>accountreturn</i></li> <li>- <i>Any attribute that makes up the accounts fields*</i></li> </ul> |
| adjustednetloss      | Numeric | N            | Adjusted net loss for accounting period. (Up to 8 numeric; 0 – 99999999)<br><i>Where there is a value returned at adjustednetprofit no value can be returned here.</i><br><i>If there is a value returned at any of the following then this is required;</i> <ul style="list-style-type: none"> <li>- <i>accountfrom</i></li> <li>- <i>accountto</i></li> <li>- <i>accountreturn</i></li> <li>- <i>Any attribute that makes up the accounts fields*</i></li> </ul> |
| assessibleincome     | Numeric | N            | Income assessable under Section 98A(4) (up to 8 numeric; 0 – 99999999).  |
| isTradeRCTRelated    | Boolean | N            | Relevant trade question<br><i>Where there is a value returned anywhere under the Trade element then this is a required field.</i>  |

## TradeAccounts

The TradeAccounts element has no attributes. It consists of the following elements:

- AccountSubmitted
- TradingIncome
- TradeAccountsItems
- ExpensesAndDeductions
- TradeCapitalAccountsAndBalanceSheetItems
- ExtractsAdjustedProfitComputation
- profitAssessable

## AccountSubmitted

The AccountSubmitted element has the following attributes:

| Name               | Type                     | Required Y/N | Description/Validation   |
|--------------------|--------------------------|--------------|--|
| accountperiodstart | Date                     | N            | Redundant – Not Used   |
| accountperiodend   | Date                     | N            | Redundant – Not Used   |
| accountreturn      | Numeric                  | N            | If you have previously submitted accounts information relating to this return state the income tax return to which accounts were submitted<br><i>Must be a value between 2003 and 2014</i>   |
| submitixbrlros     | Boolean<br>true or false | N            | <i>If you are choosing the option to submit your financial statements in iXBRL format via ROS please tick the box. Allows the return to be submitted without the completion of the mandatory fields in the same way that the question “previously submitted accounts” works.</i> |
| regfarmpartnership | Boolean<br>true or false | N            | Tick the box if the partnership is a Registered Farm Partnership as defined by S 667C  |

## TradingIncome

The TradingIncome element has the following attributes:

| Name         | Type    | Required Y/N | Description/Validation  |
|--------------|---------|--------------|---|
| govtreceipts | Numeric | N            | Receipts from government agencies (GMS, etc) (up to 8 numeric; 0 – 99999999).<br><i>If there is a value returned at accountreturn there cannot be a value returned here.</i><br><i>If there is a value at accountfrom and there is no value returned at either turnover or otherincome then this is required.</i>   |
| accountfrom  | Date    | N            | Date upon which the accounting period covered by that partnership began (Format dd/MM/yyyy)<br><i>Must be before the day of Upload.</i><br><i>If there is a value at any of the following then this is required;</i> <ul style="list-style-type: none"> <li>- accountto</li> <li>- adjustednetprofit</li> <li>- adjustednetloss</li> <li>- assessableincome</li> <li>- accountreturn</li> </ul>                                     |
| accountto    | Date    | N            | Date upon which the accounting period covered by that partnership ended. (Format dd/MM/yyyy)<br><i>Must be before the day of Upload and cannot be before accountfrom.</i><br><i>If there is a value at any of the following then this is required;</i> <ul style="list-style-type: none"> <li>- accountfrom</li> <li>- adjustednetprofit</li> <li>- adjustednetloss</li> <li>- assessableincome</li> <li>- accountreturn</li> </ul> |
| turnover     | Numeric | N            | Sales or Receipts or Turnover. (up to 8 numeric; 0 – 99999999)<br><i>If there is a value returned at accountreturn there cannot be a value returned here.</i><br><i>If there is a value at accountfrom and there is no value returned at either govtreceipts or otherincome then this is required.</i>  |

| Name        | Type    | Required Y/N | Description/Validation   |
|-------------|---------|--------------|--|
| otherincome | Numeric | N            | Other Income. (up to 8 numeric; 0 – 99999999)<br><i>If there is a value returned at accountreturn there cannot be a value returned here.</i><br><i>If there is a value at accountfrom and there is no value returned at either turnover or govtreceipts then this is required.</i> |

#### TradeAccountsItems

The TradeAccountsItems element has the following attributes:

| Name                  | Type     | Required Y/N | Description/Validation          |
|-----------------------|----------|--------------|---------------------------------|
| purchases             | Numeric  | N            | (Up to 8 numeric; 0 – 99999999) |
| gross trading profits | Numberic | N            | (Up to 8 numeric; 0 – 99999999) |

#### ExpensesAndDeductions

The ExpensesAndDeductions element has the following attributes:

| Name                            | Type    | Required Y/N | Description/Validation  |
|---------------------------------|---------|--------------|---|
| salarycosts                     | Numeric | N            | Salaries or wages, staff costs. (Up to 8 numeric; 0 – 99999999)<br><i>If there is a value returned at accountreturn there cannot be a value returned here.</i><br><i>If there is a value returned at accountfrom then this is required.</i>                             |
| subcontractor costs             | Numeric | N            | Sub-contractors. (Up to 8 numeric; 0 – 99999999)<br><i>If there is a value returned at accountreturn there cannot be a value returned here.</i><br><i>If there is a value returned at accountfrom then this is required.</i>  |
| motor travel subsistence        | Numeric | N            | Motor, Travel and Subsistence. | interestcommercial                                  | Numeric               | N            | Allowable Interest. (Up to 10 numeric; 0 – 99999999)   |
| otherexpensescommercial                             | Numeric               | N            | Other. (Up to 10 numeric; 0 – 99999999)  |
| incomelessexpensesbeforecapitalallocancescommercial | Numeric               | N            | Amount of <b>chargeable income</b> after expenses <b>but</b> before Capital Allowances (Up to 10 numeric; -999999999 – 999999999)  |
| incomelessexpensesall                               | Numeric               | N            | Amount of chargeable income from all sources, net of expenses but before capital allowances and losses. (Up to 10 numeric; 0 – 99999999)   |
| capitalallowances                                   | Numeric               | N            | Total Capital Allowances available for 2018 (Up to 10 numeric; 0 – 99999999)   |
| lossescurrentyear                                   | Numeric               | N            | Amount of losses in this year (Up to 8 numeric; 0 – 99999999)<br><i>Where this is a value returned here there must not be a value returned in incomelessexpensesbeforecapitalallocances.</i> |

## OtherIrish

The OtherIrish element has the following attributes:

| Name               | Type    | Required Y/N | Description/Validation                                 |
|--------------------|---------|--------------|--|
| nontaxableinterest | Numeric | N            | Non taxable interest. (Up to 8 numeric; 0 – 99999999)  |
| taxableinterest    | Numeric | N            | Taxable interest. (Up to 8 numeric; 0 – 99999999)      |
| otherincome        | Numeric | N            | Other Income. (Up to 8 numeric; 0 – 99999999)          |
| grossdistribution  | Numeric | N            | Gross distributions (Up to 10 numeric; 0 – 99999999)   |
| preexemptpatenti   | Numeric | N            | Gross amount of Irish Patent Royalty income previously |

| Name                               | Type    | Required Y/N | Description/Validation  |
|------------------------------------|---------|--------------|---|
| income                             |         |              | exempted under Sec. 234 (UP TO 8 NUMERIC; 0 – 99999999)                           |
| patentincome                       | Numeric | N            | Gross amount of other Irish Patent Royalty income (UP TO 8 NUMERIC; 0 – 99999999) |
| dividendswithouttaxondistributions | Numeric | N            | Dividends without tax on distributions (Up to 8 numeric; 0 – 99999999)            |

## OtherIncome

The OtherIncome element has the following attributes:

| Name            | Type    | Required Y/N | Description/Validation  |
|-----------------|---------|--------------|---|
| grossamtincome  | Numeric | N            | Gross amount of income/profit from sources not show elsewhere. (Up to 8 numeric; 0 – 99999999)  |
| detailsofincome | String  | N            | Details of income/profit sources (Up to 140 Characters)<br><i>If there is a value returned at grossamtincome then this is required.</i> |

## ChargesDeductions

The ChargesDeductions element has the following attributes:

| Name                         | Type    | Required Y/N | Description/Validation  |
|------------------------------|---------|--------------|---|
| grossrentpayablenonresidents | Numeric | N            | Gross amount of Rents etc. payable to non Residents in 2019. (Up to 8 numeric; 0 – 99999999)  |
| clawback                     | Numeric | N            | Clawback of Employers Tax Relief at Source (TRS). If you are an employer enter gross amount of Medical Insurance Premiums paid, if any, on behalf of employees. (Up to 8 numeric; 0 – 99999999) |
| grossamtpaymentchargestaxed  | Numeric | N            | Gross amount of payment of Charges/Annuities, incl. Patent Royalties where tax was deducted (Up to 8 numeric; 0 – 99999999)   |
| typeofpayment                | String  | N            | Type of payment. (Up to 140 Characters)<br><i>If there is a value at grossamtpaymentchargestaxed then this is required</i>  |
| intnmortgageorloan           | Numeric | N            | Interest on mortgage or loan including bank overdraft interest. (Up to 8 numeric; 0 – 99999999)   |
| amtoddonationsapportbodies   | Numeric | N            | Amount of Donations paid to Approved Sports Bodies. (Up to 8 numeric; 0 – 99999999)   |

## Unallocated

The Unallocated element has the following attributes:

| Name                | Type    | Required Y/N | Description/Validation   |
|---------------------|---------|--------------|--|
| amtprofitassessable | Numeric | N            | Amount of profits assessable under Sec. 008(2)(A)(ii)TCA 1997. (Up to 8 numeric; 0 – 99999999)   |
| apportionmentreq    | String  | N            | Apportionment required under Sec. 008(2)(A)(ii)TCA 1997 (Up to 140 Characters).<br><i>If there is a value at amtprofitassessable then this is required.</i>  |
| statewhyprofitless  | String  | N            | State why the aggregate of profits arising to partners is less than the full amount of the partnership profits. (Up to 140 Characters)<br><i>If there is a value at amtprofitassessable then this is required.</i> |

## ChargeableAssets

The ChargeableAssets element has the following attributes:

| Name           | Type    | Required Y/N | Description/Validation   |
|----------------|---------|--------------|--|
| shares         | Numeric | N            | Shares, quoted and unquoted (Up to 8 numeric; 0 – 9999999999).   |
| respremises    | Numeric | N            | Residential Premises Cost of acquisition. (Up to 8 numeric; 0 – 999999999).<br><i>If there is a value returned at respremnumass then this is a required field.</i> |
| respremnumass  | Numeric | N            | Residential Premises Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at respremises then this is a required field.</i>            |
| commprem       | Numeric | N            | Commercial Premises Cost of acquisition. (Up to 8 numeric; 0 – 999999999)<br><i>If there is a value returned at commpremnumass then this is required</i>           |
| commpremnumass | Numeric | N            | Commercial Premises Number of Assets. (Up to 4 numeric; 0 – 9999).<br><i>If there is a value returned at commprem then this is required.</i>                       |
| agglan         | Numeric | N            | Agricultural Land Cost of acquisition (Up to 8 numeric; 0 – 999999999).<br><i>If there is a value returned at agglanumass then this is required</i>                |
| agglanumass    | Numeric | N            | Agricultural Land Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at agglan then this is required</i>                             |
| devlan         | Numeric | N            | Development Land Cost of acquisition. (Up to 8 numeric; 0 – 999999999)<br><i>If there is a value returned at devlanumass then this is required.</i>                |
| devlanumass    | Numeric | N            | Development Land Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at devlan then this is required.</i>                             |
| busass         | Numeric | N            | Business Assets Cost of acquisition. (Up to 8 numeric; 0 – 999999999).<br><i>If there is a value returned at busassnumass then this is required.</i>               |
| busassnumass   | Numeric | N            | Business Assets Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at busass then this is required.</i>                              |
| antiques       | Numeric | N            | Antiques/Works of art Cost of acquisition. (Up to 8 numeric; 0 – 999999999)<br><i>If there is a value returned at antiquumass then this is required</i>            |
| antiquumass    | Numeric | N            | Antiques/Works of art Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at antiques then this is required.</i>                      |
| othershares    | Numeric | N            | Other Cost of acquisition. (Up to 8 numeric; 0 – 999999999)<br><i>If there is a value returned at othernumass then this is required.</i>                           |
| othernumass    | Numeric | N            | Other Number of Assets. (Up to 4 numeric; 0 – 9999)<br><i>If there is a value returned at othershares then this is required.</i>                                   |

## CapitalGains

The CapitalGains element has no attributes. It consists of the following elements

- CapitalGainsAccrued
- DistributionParticulars

### CapitalGainsAccrued

The CapitalGainsAccrued element has the following attributes:

| Name                                    | Type                   | Required Y/N | Description/Validation  |
|---|------------------------|--------------|---|
| sharesquotednum                         | Numeric                | N            | NOT USED  |
| sharesunquotednum                       | Numeric                | N            | NOT USED  |

| gainrelieved                             | Numeric                | N            | Amount of gain relieved under S 604A (Up to 10 numeric; 0 – 9999999999)  |

## DistributionParticulars

The DistributionParticulars element has no attributes. It consists of the following elements;

- Up to 100 CGIrishResidentPartner
- Up to 20 CGNonResidentPartner

### CGIrishResidentPartner

The CGIrishResidentPartner element has the following attributes:

| Name                | Type    | Required Y/N | Description/Validation   |
|---------------------|---------|--------------|--|
| ppsnum              | String  | N            | PPS Number of partner<br><i>Must be valid pps number.<br/>If there is a value returned at either basisofdistribution or amntchargeablegain</i>   |
| basisofdistribution | Numeric | N            | Basis of Distribution. (Up to 4 numeric; 0 – 99.99)<br><i>If there is a value returned at ppsnum and there is no value returned at amntchargeablegain this is required.</i>            |
| amntchargeablegain  | Numeric | N            | Amount of Chargeable Gain. (Up to 10 numeric; 0 – 9999999999)<br><i>If there is a value returned at ppsnum and there is no value returned at basisofdistribution this is required.</i> |

### CGNonResidentPartner

The CGNonResidentPartner element has the following attributes:

| Name                | Type    | Required Y/N | Description/Validation   |
|---------------------|---------|--------------|--|
| details             | String  | N            | Name, Address and PPS number(if any) of partner. (Up to 500 characters)<br><i>If there is value returned at basisofdistribution then this is required.</i> |
| basisofdistribution | Numeric | N            | Basis of Distribution. (Up to 4 numeric; 0 – 99.99)<br><i>If there is a value returned at details then this is required.</i>                               |

### ForeignIncome

The ForeignIncome element has no attributes. It consists of any of the following elements:

- ForeignIncomeSummaryDetails
- ForeignAccountDetails

### ForeignIncomeSummaryDetails

The ForeignIncomeSummaryDetails element has the following attributes;

| Name              | Type    | Required Y/N | Description/Validation   |
|-------------------|---------|--------------|--|
| amntincomeoutside | Numeric | N            | Amount of income form outside the state.<br>(Up to 8 numeric; 0 – 999999999) |

### ForeignAccountDetails

The ForeignAccountsDetails element consists of the following elements

- Up to 20 ForeignAccounts
- Up to 20 LifePolicies
- Up to 20 OffshoreFunds
- Up to 20 OtherOffshoreProducts

It has the following attributes;

| Name              | Type                     | Required Y/N | Description/Validation   |
|-------------------|--------------------------|--------------|--|
| foreignaccmrkr    | Boolean<br>true or false | N            | Indicator as to whether there is a Foreign Account associated with this return     |
| lifepolicymrkr    | Boolean<br>true or false | N            | Indicator as to whether there is a Foreign Life Policy associated with this return |
| offshorefundsmrkr | Boolean<br>true or false | N            | Indicator as to whether there is an Offshore Fund associated with this return      |

| Name              | Type                     | Required Y/N | Description/Validation   |
|-------------------|--------------------------|--------------|--|
| otheroffshoremrkr | Boolean<br>true or false | N            | Indicator as to whether there is an Other Offshore Account associated with this return |

### ForeignAccounts

The ForeignAccounts element has the following attributes;

| Name                 | Type    | Required Y/N | Description/Validation   |
|----------------------|---------|--------------|--|
| bankname             | String  | N            | Name of Bank. (Up to 40 Characters)<br><i>If there are values returned at any of; address1 or dateacct or amountdeposited then this is required.</i>   |
| address1             | String  | N            | Address line 1 of bank. (Up to 40 Characters)<br><i>If there is a value returned at any of; bankname or dateacct or amountdeposited then this is required.</i>   |
| address2             | String  | N            | Address line 2 of bank. (Up to 40 Characters)  |
| address3             | String  | N            | Address line 3 of bank. (Up to 40 Characters)  |
| dateacct             | Date    | N            | Date account was opened. (Format dd/MM/yyyy)<br><i>Must be before the day of Upload</i><br><i>If there is a value returned at any of; bankname or address1 or amountdeposited then this is required.</i> |
| amountdeposited      | Numeric | N            | Amount of money deposited when opening. (Up to 8 numeric; 0 – 99999999)<br><i>If there is a value returned at any of; bankname or address1 or dateacct then this is required.</i>                        |
| nameintermediary     | String  | N            | Name of Intermediary. (Up to 40 Characters)  |
| addressintermediary1 | String  | N            | Address line 1 of Intermediary. (Up to 40 Characters)  |
| addressintermediary2 | String  | N            | Address line 2 of Intermediary. (Up to 40 Characters)  |
| addressintermediary3 | String  | N            | Address line 3 of Intermediary. (Up to 40 Characters)  |

### LifePolicies

The LifePolicies element has the following attributes;

| Name                 | Type    | Required Y/N | Description/Validation  |
|----------------------|---------|--------------|---|
| namecommencer        | String  | N            | Name of person who commenced policy. (Up to 40 Characters)<br><i>If there is a value returned at any of; address1 or policyterms or premiumspay then this is required.</i>                |
| address1             | String  | N            | Address line 1 of person who commenced policy. (Up to 40 Characters)<br><i>If there is a value returned at any of; namecommencer or policyterms or premiumspay then this is required.</i> |
| address2             | String  | N            | Address line 2 of person who commenced policy. (Up to 40 Characters)  |
| address3             | String  | N            | Address line 3 of person who commenced policy. (Up to 40 Characters)  |
| policyterms          | String  | N            | Terms of Policy. (Up to 40 Characters)<br><i>If there is a value returned at any of; namecommencer, address1 or premiumspay then this is required</i>                                     |
| premiumspay          | Numeric | N            | Annual premiums payable. (up to 8 numeric; 0 – 9999999)<br><i>This is a required where there is a value returned at namecommencer or address1 or policyterms</i>                          |
| nameintermediary     | String  | N            | Name of Intermediary. (Up to 40 Characters)   |
| addressintermediary1 | String  | N            | Address line 1 of Intermediary. (Up to 40 Characters)   |

| Name                 | Type   | Required Y/N | Description/Validation                                |
|----------------------|--------|--------------|---|
| ary1                 |        |              |   |
| addressintermediary2 | String | N            | Address line 2 of Intermediary. (Up to 40 Characters) |
| addressintermediary3 | String | N            | Address line 3 of Intermediary. (Up to 40 Characters) |

### OffshoreFunds

The OffshoreFunds element has the following attributes;

| Name                 | Type    | Required Y/N | Description/Validation   |
|----------------------|---------|--------------|--|
| fundname             | String  | N            | Name Of Fund. (Up to 40 Characters)<br><i>If there is a value returned at any of; address1 or datefund or amountacquired then this is required.</i>  |
